OPENING DATE

October 1, 2026

Application Phases

- Phase 1 - Proposal Submission: November 13, 2026 at 12:00 PM
- Phase 2 - Oral presentation: November 27, 2026 at 12:00 PM

Objectives

Objectives

The Euro-MED Thematic Test Projects call aims to support transnational projects in the Mediterranean region, strengthening the transition to a climate-neutral, sustainable, and resilient society. It targets three core missions: (1) Strengthening an Innovative Sustainable Economy, (2) Protecting, Restoring and Valorising the Natural Environment and Heritage, and (3) Promoting Green Living Areas. Each funded project must align to one of these missions and address either enhancing research and innovation, advancing the circular/resource-efficient economy, or improving protection of nature, biodiversity, and urban environments. Eligible entities include public authorities, sectoral agencies, service providers, research organizations, educational institutions, SMEs, NGOs, and community groups. Projects must be transnational, involving partnerships from at least five countries within the Interreg Euro-MED area.

Funding

The program provides a total indicative budget of €20 million for this call, with individual projects capped at €2,000,000. Up to 10 projects are expected to be funded. The maximum co-financing rate is 80% for project activities.

Eligible Expenses

- Personnel Costs
