DESCRIZIONE

Objectives

This topic aims to establish a European advisory and support network for countering and preventing radicalisation, extremism, hate speech and polarisation . The action should improve understanding of the root causes, mechanisms and socio-economic factors associated with these phenomena and facilitate the implementation of evidence-based solutions in different national, regional and local contexts.

The network should strengthen cooperation among public authorities, law enforcement and judicial bodies, local authorities, researchers, educators, civil society organisations, NGOs and community actors. It should also provide policymakers and practitioners with scientific, political and legal assessments, practical guidance and adaptable methods for protecting democratic institutions, social cohesion, fundamental rights and EU values.

Funding

Funding is provided under a Horizon Europe Coordination and Support Action (CSA) . The topic has an indicative budget of €3.5 million , with one project expected to be funded. The anticipated EU contribution ranges between €3 million and €3.5 million , although proposals requesting different amounts may be considered where appropriately justified.

As a Coordination and Support Action, the project may receive funding of up to 100% of eligible costs for all beneficiary types. Eligible costs will be provided as a lump sum , in accordance with Horizon Europe rules.
