DESCRIÇÃO

Objectives

This call aims to strengthen the African Union – European Union partnership on Food and Nutrition Security and Sustainable Agriculture (FNSSA). The main objectives are to improve the coordination of research and innovation (R&I) policies between AU and EU members, enhance the functioning of the FNSSA Working Group, and operationalise the International Research Consortium (IRC) as a platform for implementing the FNSSA roadmap. The call targets consortia that include at least three independent legal entities established in African Union member states, in addition to the standard Horizon Europe minimum participation requirements. Legal entities from EU Member States, Associated Countries, and all African Union member states are eligible, including international organisations headquartered in a Member State or Associated Country. The call encourages broad participation from academic researchers, start-ups, SMEs,

and other multidisciplinary actors, with special consideration for women, young entrepreneurs, and the diaspora.

Funding

The call provides a single Coordination and Support Action (CSA) grant with a total budget of €6.75 million. The funding rate is up to 100% of eligible costs, provided as a lump sum. Beneficiaries may provide financial support to third parties in the form of grants, with a maximum of €60000 per third party. The grant is intended to cover all eligible activities described in the project scope, including support for third parties.
