## DESCRIZIONE

### Objectives

This incentive aims to establish a European virtual AI support platform dedicated to the cultural and creative sectors and industries (CCSI). The main objective is to provide CCSI stakeholders—including professionals, researchers, AI technology companies, startups, ethical AI experts, and rights management infrastructures—with access to a network for collaboration, supporting digital transformation, and fostering innovation. The platform is constructed to offer expertise, capacity building, and training to design, develop, and adopt AI solutions that are ethically aligned with EU values, ensuring cultural diversity and equitable access. Eligible entities include artists, creative companies, cultural organisations, and SMEs working within CCSI, focused on leveraging AI for innovation and competitiveness.

### Funding

The funding is provided as a lump sum grant under Horizon Europe Coordination and Support Actions (CSA). The overall call budget for this topic is EUR 5,000,000, with the EU contribution per funded project

expected to be in the range of EUR 4,500,000 to EUR 5,000,000. Proposals should reflect a sustainable business model for the platform, ensuring accessibility for organisations of different sizes and resources. The indicative number of grants available is 1, and the highest funding rate is 100% for eligible costs, adhering to Horizon Europe CSA rules.
