Obiettivi

Objectives

This incentive, under the LIFE programme, aims to support projects targeting Clean Energy Transition (CET) with a specific focus on energy poverty reductions across the European Union. Eligible entities typically include organizations

addressing energy efficiency, renewable energy adoption, and social inclusion, and may encompass public authorities, private companies, non-profit and community groups, and research or educational organizations. Projects should demonstrate measurable impacts on vulnerable or at-risk groups, contributing to a more equitable energy transition and better living conditions through innovative, replicable interventions.

Funding

Funding under this call is in the form of non-refundable grants. The co-financing rate can reach up to 95% for eligible project costs, depending on the type of activity and applicant. The maximum grant contribution per project is 1.750.000€ and will depend on the project scope and relevance to the specific themes. Budgets should be commensurate with the scale and ambition of the proposed work plan.
