## Objectives

### Objectives

This call under the LIFE Programme focuses on projects related to climate adaptation (CCA). The main objective is to fund actions that enhance resilience to climate change across the European Union, supporting the EU's adaptation strategies and measures. Eligible entities typically include public and private organizations, academic institutions, non-profit entities, and SMEs active in climate policy implementation or adaptation technologies. Projects should aim to demonstrate effective solutions, facilitate best practices, and promote policy integration in the field of climate adaptation.

## **Funding**

Funding is provided as a non-refundable grant, with a co-financing rate of up to 60% of eligible costs. The call supports demonstration and close-to-market projects, encouraging significant replication and market impact. The minimum and maximum budget amounts can range from 1.000.000€ to 5.000.000€ and will depend on the project scope and relevance to the specific themes. Special consideration is given to proposals leveraging additional public or private investments and demonstrating robust business and sustainability models.
