DESCRIZIONE

Objectives

This call aims to support the development of new tools, skills, and methodologies for Police Authorities in Europe to effectively engage with diverse communities and address diversity within police personnel. The objective is to foster inclusive community policing practices, particularly in societies experiencing increasing diversity and fragility, including post-conflict zones and communities with migrants, returnees from conflict zones, and marginalized groups such as LGBTIQ individuals and persons with disabilities. The call seeks to enhance trust in Police Authorities, improve police-citizen relations, and contribute to social cohesion and security across Europe. Eligible applicants must include at least three Police Authorities and at least two Civil Society Organisations (or NGOs) from at least three different EU Member States or Associated Countries. Entities established in China or controlled by Chinese entities are not eligible.

Funding

The support is provided as a non-refundable grant under Horizon Europe Innovation Actions. The funding rate is up to 70% of eligible costs, and up to 100% for non-profit legal entities.
