Dettagli Finanziari

TIPO DI SUPPORTO	TASSO MASSIMO DI FINANZIAMENTO
Contributo a Fondo Perduto	100%
BUDGET	VALORE DI PROGETTO AMMISSIBILE
28M€	Up to 7M€

Date e Scadenze

DATA DI PUBBLICAZIONE	DATA DI APERTURA
Non definita	5 maggio 2026

Fasi di Candidatura

- Deadline: 15 settembre 2026 alle ore 15:00 (95 giorni rimanenti)

Obiettivi

Objectives

This call targets the acceleration of deep renovation in Europe's multi-storey building stock by supporting projects that deliver cost-effective, highly energy-efficient renovation using prefabricated solutions. Proposals must demonstrate approaches that not only boost the energy performance of buildings to at least Nearly Zero-Energy Building (NZEB)

Informazioni curate da Grantavia. Confermi sempre i dettagli finali nel regolamento ufficiale prima di preparare una candidatura.

standards, but also increase resource efficiency, reduce renovation costs and limit disruption to occupants. Eligible entities include consortia of legal entities established in EU Member States or Associated Countries, except for legal entities from China, which are not eligible for Innovation Actions under this destination.

Financing

Funding is provided as a lump sum grant under the Horizon Europe programme, with an indicative EU contribution per project of around €7,000,000. The total budget for this topic is €28,000,000, expecting to fund four projects. The funding rate for Innovation Actions is typically up to 70% of eligible costs (except for non-profit legal entities where the rate is up to 100%). There are no explicit minimum or maximum project value amounts stated beyond the standard Horizon Europe framework, but the scale of demonstration is expected to justify the indicative contribution.

Constraints

The maximum project duration is not explicitly specified, but actions are expected to achieve Technology Readiness Level (TRL) 6-8 by project end. Projects must demonstrate their solution in three buildings in different countries and ensure coverage of diverse building typologies. Key result indicators include measurable reductions in renovation costs, increased energy and resource efficiency, reduced site disturbance (noise, dust, emissions), and improved occupant satisfaction. All projects must comply with Horizon Europe's general and specific admissibility and eligibility criteria, including additional provisions on legal and financial capacity, use of Copernicus/Galileo when relevant, and mandatory reporting towards Built4People partnership KPIs.

Spese Ammissibili

- Personnel
- Travel and subsistence
- Other goods, works and services
- Equipment
- Subcontracting
- Indirect costs

Idoneità

Settori Idonei

- Energia e Ambiente
- Edilizia

Dimensioni Aziendali

- Micro
- PMI
- Small Mid-Cap
- Mid-Cap
- Grande
- Enti privati non profit
- Enti pubblici

Tipi di Azione

- Deep Renovation
- Innovation Action

- Demonstration Project
- Prefabricated Solutions
- Energy Efficiency

HORIZON-CL5-2026-09

DESTINAZIONE

Using energy in buildings and industry in an efficient, affordable and sustainable way (2026-27)

CONTRIBUTO UE

around €7,000,000 per project

REGOLA DEL TASSO DI FINANZIAMENTO

Up to 70% of eligible costs (100% for non-profit entities)

CLUSTER

Cluster 5: Climate, Energy and Mobility

MODALITÀ DI PRESENTAZIONE

Single-stage

PROGETTI PREVISTI

4
