DESCRIZIONE

Objectives

This call aims to improve the understanding and prevention of the links between addictions (such as gambling, drug, or alcohol use) and crime, both online and offline. The focus is on developing innovative and effective solutions for Police Authorities and Civil Society Organisations (CSOs) to prevent addiction-related crimes, with special attention to young people at risk. The call also seeks to modernise the European criminal justice system's approach to addiction-related offenses and foster novel collaborations between Police Authorities and CSOs to enhance community resilience, security, and safety. Eligible applicants must form a consortium including at least two Police Authorities and two CSOs (or NGOs) from at least three different EU Member States or Associated Countries. The involvement of Social Sciences and

Humanities (SSH) experts and a gender-sensitive approach are required to ensure meaningful societal impact.

Funding

The support is provided as a non-refundable grant under the Horizon Europe Research and Innovation Actions (RIA) scheme. Each project will receive a lump sum contribution of €3 million, with a total topic budget of €6 million and an expected two grants awarded. The funding rate is up to 100% of eligible costs. Eligible costs are defined by the lump sum model and must be detailed in the application.
