TIPO DI SUPPORTO	TASSO MASSIMO DI FINANZIAMENTO
Contributo a Fondo Perduto	100%
BUDGET	VALORE DI PROGETTO AMMISSIBILE
15M€	Up to 5M€
DURATA MASSIMA	
60 mesi	

Date e Scadenze

DATA DI PUBBLICAZIONE	DATA DI APERTURA
Non definita	10 febbraio 2026

Fasi di Candidatura

- Deadline: 15 settembre 2026 alle ore 15:00 (95 giorni rimanenti)

Obiettivi

Objectives

The primary objective of this incentive is to support the development of innovative models for earlier, more precise, and better integrated palliative care for cancer patients. The call focuses on solutions that improve quality of life,

placing emphasis on patient-centred approaches, digital remote tools, and options for home-based care. It aims to deliver outcomes that enhance patient access to palliative services, provide carers with real-time information tools and improved communication, and supply clinicians with guidelines on optimal patient referral and care prediction. Eligible entities include research organisations, healthcare providers, consortia, and other legal entities capable of implementing and validating new care models within the European Union or associated countries.

Funding

The action applies a Horizon Lump Sum Grant model. The total allocation for this call is €15,000,000. Each project is expected to receive around €5,000,000, with an indicative total of 3 projects to be funded. The maximum funding rate for Research and Innovation Actions (RIA) is 100% of eligible costs. Budget requests must be consistent with the lump sum conditions and justified where purchasing, equipment, or third-party contributions exceed 15% of personnel costs.

Spese Ammissibili

- Personnel Costs
- Travel costs
- Equipment costs
- Other goods, works and services costs
- Subcontracting
- Indirect Costs

Idoneità

Settori Idonei

- Salute e Life Sciences

Dimensioni Aziendali

- Micro
- PMI
- Small Mid-Cap
- Mid-Cap
- Grande
- Enti privati non profit
- Enti pubblici

Modalità di Candidatura

- Consorzio / Co-promozione

Tipi di Azione

- Research and Innovation Actions
- Clinical Trials
- Implementation Research
- Development of Digital Tools
- Guideline Adoption
- Workforce Training

- Cross-project Networking
