DESCRIÇÃO

Objectives

This call aims to empower local urban food systems by fostering entrepreneurship and innovation, with a focus on accelerating the growth of innovation-led urban food start-ups and strengthening business development services. The objective is to create interconnected, competitive urban food innovation ecosystems across Europe that enhance the resilience, inclusiveness, and well-being of urban communities through socially innovative and climate-smart approaches. The call supports the European Green Deal, the EU's climate ambitions, and the Food 2030 R&I initiative. Eligible applicants include consortia involving local and regional authorities, urban planners, SMEs and start-ups, food entrepreneurs, research and innovation actors, educational institutions, civil society organisations, and citizens. Proposals must implement a multi-actor approach and integrate social sciences and humanities, as well as gender and other social dimensions.

Funding

The support is provided as a non-refundable grant in the form of a lump sum. The funding rate is up to 70% of eligible costs for Innovation Actions, and up to 100% for non-profit legal entities. The total budget for the topic is €12 million, with an expected grant size of €6 million per project. Two grants are expected to be awarded under this call.

DESPESAS ELEGÍVEIS

- Personnel Costs
- Travel costs
- Equipment costs
- Other goods, works and services costs
- Subcontracting
- Indirect Costs

BÓNUS E MAJORAÇÕES
