12 dicembre 2025

Data di Apertura
20 aprile 2027

Deadline
22 settembre 2027 alle ore 17:00 GMT+2

DESCRIZIONE

Objectives

This call aims to enhance the ecodesign and circularity of construction products, supporting the transition to a sustainable, circular, and bio-based economy. The objective is to encourage material and product manufacturers to apply ecodesign principles, resulting in products that are safe, durable, reliable, reusable, reparable, upgradable, and recyclable, with increased recycled content. The call targets improved climate adaptation and mitigation, industrial competitiveness, and the development of safe, sustainable, and circular value chains. It also seeks to improve living conditions through innovative, affordable, and sustainable products and services. Eligible applicants include consortia of legal entities established in EU Member States or Associated Countries, with a focus on involving SMEs and regional ecosystems. Legal entities established in China are not eligible for this call.

Funding

The support is provided as a non-refundable grant in the form of a lump sum. The funding rate is up to 70% of eligible costs for Innovation Actions, and up to 100% for non-profit legal entities. The total budget for the topic is €10 million, with an expected two grants of €5 million each. Eligible costs and financial rules are detailed in the Horizon Europe General Annexes and the Lump Sum Model Grant Agreement.

SPESE AMMISSIBILI

- Personnel Costs
- Travel costs
- Equipment costs
- Other goods, works and services costs
- Subcontracting
- Indirect Costs

BONUS E MAGGIORAZIONI

- Participation of partners from (associated) countries with growing construction sectors is encouraged
- Joint activities and synergies with New European Bauhaus projects are encouraged
- Involvement of SMEs and regional ecosystems is encouraged

IDONEITÀ

Modalità di Candidatura
Aggregata / Partenariato

Settori Idonei

- Edilizia
- Industria
- Energia e Ambiente
- Altro

Tipologie Aziendali

- Microimpresa
- PMI
- Grande impresa
- Enti privati non profit
- Enti pubblici

Tipi di Azione

- Develop, test and demonstrate new and improved ecodesign of construction materials and products
- Design for durability, reusability, reparability, separability, recyclability, and uptake of recycled content
- Promote assembly and disassembly of products and reuse of recovered materials
- Assess and recommend mechanisms and incentives to reward design for circularity, disassembly, and product durability
- Analyse trade-offs and propose solutions to overcome them
- Evaluate environmental performance using product environmental footprint methodology
- Quality control and assessment for reuse and recycling options
- Synergies and joint activities with New European Bauhaus and other construction-focused projects
- Involve SMEs and regional ecosystems
- Innovation Action

DETTAGLI PROGRAMMA UE

ID Bando
HORIZON-CL6-2027-01-CIRCBIO-02

Cluster
Cluster 6: Food, Bioeconomy, Natural Resources, Agriculture and Environment

Destinazione
D3. Circular economy and biobased sectors

Modalità di Presentazione
single-stage

Contributo UE
€5,000,000.00 per project

Progetti Previsti
2

Regola dell'Intensità di Aiuto
Up to 70% of eligible costs for Innovation Actions (IA); up to 100% for non-profit legal entities
