## DESCRIÇÃO

### Objectives

This call aims to enhance the physical protection and resilience of critical infrastructures in the EU, addressing risks and hazards from both traditional and emerging threats, including the malicious use of new technologies. The objective is to support critical infrastructure operators and authorities in improving risk assessment, operational procedures, and the deployment of innovative solutions for resilience. Eligible applicants include consortia with at least three relevant practitioners from EU Member States or Associated Countries, such as critical infrastructure operators, authorities responsible for resilience, civil protection authorities, law enforcement, or private security companies. Entities established in China or controlled by Chinese entities are not eligible.

### Funding

The support is provided as a non-refundable grant under the Horizon Europe Innovation Actions (IA) scheme. The funding rate is up to 70% of eligible costs for most participants, and up to 100% for non-profit

legal entities. Each grant is expected to be €6 million, with a total topic budget of €12 million. Eligible costs are reimbursed as a lump sum.
