11 maggio 2027 alle ore 17:00 GMT+2

DESCRIZIONE

Objectives

This call aims to foster generational renewal in European agriculture by equipping advisors with the knowledge, skills, and tools needed to support young and new farmers in entering and successfully running farming businesses. The initiative is closely aligned with EU policies on agriculture, food, and the Green Deal, emphasizing the importance of resilience, competitiveness, and sustainability in farming systems. The call targets consortia applying the multi-actor approach, with a requirement that at least 50% of the people involved are impartial advisors dedicating at least half their time to advising farmers. Eligible applicants include entities from EU Member States and Associated Countries, with a focus on collaboration among advisors, national and regional authorities, and AKIS ecosystems. The overarching goal is to make farming an attractive and rewarding career for new generations, while addressing climate change, biodiversity loss, and gender equality.

Funding

The call provides a single Coordination and Support Action (CSA) grant with a lump sum contribution of 4.500.000 EUR. The funding rate is up to 100% of eligible costs. Only one grant is expected to be awarded under this topic, and the budget must be fully allocated to the selected project.

SPESE AMMISSIBILI

- Personnel Costs
- Travel costs
- Equipment costs
- Other goods, works and services costs
- Subcontracting
- Indirect Costs

BONUS E MAGGIORAZIONI

- Special attention to gender equality and inclusion in agriculture
