DESCRIZIONE

Objectives

The main objective of this call is to enhance the promotion and protection of human rights and gender equality at a global level, supporting EU and national policymakers, as well as organizations in key vulnerable contexts. Projects are expected to strengthen mechanisms for investigating and prosecuting international crimes, develop effective cooperation frameworks with third countries, and empower marginalized or discriminated groups such as ethnic and religious minorities, people with disabilities, migrants, women, and LGBTIQ persons. Applicants should also focus on integrating human rights considerations into trade policies and ensuring that trade agreements and labor standards uphold human dignity and fairness. Participating entities will typically include research organizations, universities, NGOs, civil society organizations, and other consortia with relevant expertise. Geographically, research efforts are to cover the EU Neighbourhood and low- and lower middle-income countries, with an emphasis on the Western Balkans and EU accession countries. International cooperation and inclusion of a broad range of stakeholder groups is encouraged.

Funding

The call provides lump sum grants under the Horizon Europe Research and Innovation Actions funding scheme. The total budget for the topic is €12,000,000, with an indicative EU contribution per project set between €3,500,000 and €4,000,000, and an expected number of 3 funded projects. The co-funding rate can reach up to 100% of eligible costs, as per Horizon Europe rules. Only costs specified as eligible in the Work Programme and Application Form, including direct and indirect costs, will be reimbursed through lump sums.
