DESCRIZIONE

Objectives

This incentive aims to directly support and engage harbours, ports, and their communities across Europe in demonstration activities that help achieve one or more targets of the Mission “Restore our Ocean and Waters by 2030”. Projects must foster measurable progress towards mission objectives, including the protection and restoration of ecosystems, pollution prevention, and the advancement of a carbon-neutral and circular blue economy. Eligible entities are partnerships comprising harbour and port authorities, public bodies, local stakeholders, relevant authorities, industry partners, and scientific organisations. The participation of public bodies managing port authorities is strongly encouraged to strengthen implementation and ensure practical deployment in targeted areas.

Funding

Funding is provided under a Horizon Europe Innovation Action (IA) within the framework of the EU Mission “Restore our Ocean and Waters”. The topic has an indicative budget of €11.9 million, with the European Commission expecting to fund two projects. The expected EU contribution ranges between €5.5 million

and €5.95 million per project, although proposals requesting different amounts may also be considered where appropriately justified.

As a Horizon Europe Innovation Action, the funding rate is generally up to 70% of eligible costs for for-profit entities and up to 100% for non-profit organisations, in accordance with Horizon Europe funding rules.

SPESE AMMISSIBILI

- Personnel Costs
- Travel costs
- Equipment costs
- Other goods, works and services costs
- Subcontracting
- Indirect Costs

BONUS E MAGGIORAZIONI

- Strong involvement of small-size ports
- Synergies with other EU, national, or regional programmes

IDONEITÀ

Modalità di Candidatura

Aggregata / Partenariato

Settori Idonei

- Economia Blu
- Energia e Ambiente
- Mobilità e Trasporti
- Industria

Tipologie Aziendali

- Microimpresa
- PMI
- Mid-Cap
- Grande impresa
- Enti pubblici
- Enti privati non profit

Tipi di Azione

- Demonstration activities in four sea/river basins
- Testing and deployment of innovative solutions in ports

- Restoration of marine and freshwater ecosystems
- Pollution prevention and environmental management
- Deployment of nature-based solutions
- Knowledge-sharing and twinning activities
- Development of waste management and circular economy initiatives
- Innovation Actions
