## Obiettivi

### Objectives

This Horizon Europe Innovation Action aims to reduce Europe's dependence on Critical and Strategic Raw Materials (CRM/SRM) through the development of innovative advanced materials and more resource-efficient production processes. Projects are expected to contribute to the partial or complete substitution of critical raw materials, strengthen supply chain resilience, enhance industrial competitiveness, and support a clean, sustainable and autonomous European economy. The call also promotes the integration of the Safe and Sustainable by Design (SSbD) framework throughout the innovation cycle.

## Funding

The topic is funded as a Horizon Europe Innovation Action (IA) with a total indicative budget of €36 million . The European Commission expects to fund approximately six projects, with an indicative EU contribution of around €6 million per project . Funding conditions follow the Horizon Europe rules applicable to Innovation Actions.
