FINANCIAL DETAILS

Support type
Non-Refundable

Maximum Funding Rate
100%

Budget
18M€

Eligible Project Value
Up to 9M€

DATES & DEADLINES

Publication Date
October 9, 2026

Opening Date
February 9, 2027

Fase única
October 7, 2027 at 05:00 PM GMT+2

DESCRIPTION

Objectives

This call aims to accelerate progress towards the Climate-Neutral and Smart Cities Mission by boosting the climate resilience of multimodal passenger hubs within urban, peri-urban, and rural regions. Eligible entities include national, regional, and local authorities, urban transport authorities, and diverse stakeholders capable of managing and implementing demonstrator projects. Proposals are expected to contribute to emission reductions from transport, mitigate congestion, and improve air quality, while enhancing inclusivity and accessibility for all users, inclusive of marginalized and reduced-mobility populations. Guidance and best practices are to be provided for integrating sustainable transport modes, monitoring, and climate impact management in hub operations.

Funding

Funding is provided under a Horizon Europe Innovation Action (IA) within the framework of the EU Mission "Climate-Neutral and Smart Cities". The topic has an indicative budget of €18 million, with the European Commission expecting to fund two projects. The expected EU contribution is around €9 million per project, although proposals requesting different amounts may be considered where adequately justified.

As a Horizon Europe Innovation Action, the funding rate is generally up to 70% of eligible costs for for-profit entities and up to 100% for non-profit organisations, in accordance with Horizon Europe funding rules.

ELIGIBLE EXPENSES

- Personnel Costs
- Travel costs
- Equipment costs
- Other goods, works and services costs
- Subcontracting
- Indirect Costs

BONUSES & MAJORATIONS

- Inclusion of New European Bauhaus principles (sustainability, aesthetics, inclusion)

ELIGIBILITY

Application Mode

Consortium / Copromotion

Action Types

Innovation Action

Eligible Sectors

- Mobility & Transport
- Energy & Environment
- ICT & Software

Company Typologies

- SME
- Large
- Non-business entities of the R&I system (ENESII)
- Private non-profit entities
- Public entities
