Up to 1M€

MAXIMUM DURATION

24 months

Dates & Deadlines

PUBLICATION DATE

September 1, 2026

OPENING DATE

September 1, 2026

Application Phases

- Phase 1: October 30, 2026 at 01:00 PM (46 days left)

Objectives

Objectives

This call targets transnational cooperation projects that capitalise on, scale up, transfer and strengthen the governance of results generated under current and previous Interreg Atlantic Area programming periods and other relevant initiatives. The main objectives are to accelerate the uptake and transfer of existing solutions across the Atlantic Area, facilitate innovation transfer between regions, reinforce transnational governance mechanisms, develop common governance tools and methodologies, and generate tangible policy or operational impacts before the end of the current Programme period. Projects must build on proven results, tools, methodologies, practices or solutions and clearly explain what will be adapted, transferred, scaled up or embedded in governance or policy frameworks. Eligible applicants include public bodies, SMEs, universities, educational and research organisations, not-for-profit private institutions, international organisations acting under national law and other eligible public or private organisations. Lead Partners may be public bodies, universities, education and research organisations, not-for-profit private institutions or international organisations acting under national law. Partnerships must include eligible organisations from all four participating countries: France, Ireland, Portugal and Spain.

Funding

The initial indicative ERDF allocation for this call is approximately €7 million, with the possibility of up to an additional €4 million becoming available through decommitments from projects approved under previous calls. The total allocation could therefore potentially reach approximately €11 million, although the additional funding is not guaranteed. The ERDF co-financing rate is up to 75% of eligible project costs. The eligible ERDF contribution per project is between €0.4 million and €0.8 million.

Eligible Expenses

- Staff costs
- Office and administrative expenses
- Travel and subsistence
- External expertise and services
- Equipment necessary for project activities
- Non-eligibility of heavy infrastructure and large equipment (e.g., construction works, acquisition of vessels/cars, heavy machinery).
