8 de abril de 2027 às 17:00 GMT+2

Fase 2
14 de setembro de 2027 às 17:00 GMT+2

DESCRIÇÃO

Objectives

This call aims to support breakthrough innovations that contribute to the European Water Resilience Strategy. The main objectives are to restore the water cycle, promote a water-smart economy, and ensure clean and affordable water for all. Projects should address creative or disruptive solutions that help implement the strategy, with a focus on demonstration, testing, or validation of developed tools and solutions. The multi-actor approach is mandatory, requiring the involvement of relevant stakeholders such as farmers, water-intensive industries, energy producers, land managers, water governance bodies, and local authorities. Proposals should also plan for future uptake and upscaling at local, national, and EU levels. Eligible applicants include consortia of legal entities from EU Member States and Associated Countries, with specific restrictions on entities controlled by China in critical technology areas.

Funding

The support is provided as a lump sum grant under Horizon Europe Innovation Actions. The funding rate is up to 70% of eligible costs for most participants, and up to 100% for non-profit legal entities. The total budget for the topic is 11.000.000 EUR, with an expected EU contribution of 5.500.000 EUR per project and two grants expected to be awarded.

DESPESAS ELEGÍVEIS

- Personnel Costs
- Travel costs
- Equipment costs
- Other goods, works and services costs
- Subcontracting
- Indirect Costs

BÓNUS E MAJORAÇÕES

- Multi-actor approach with stakeholder involvement
- Collaboration with other funded projects under this topic
- Integration of Copernicus elements and data
- Consideration of gender and intersectional dimensions if relevant

ELEGIBILIDADE

Modalidade de Candidatura
Consórcio / Copromoção

Setores Elegíveis

- Energia & Ambiente
- Agroalimentar
- Indústria
- Outro

Tipologia de Beneficiário

- Micro
- PME
- Small Mid-Cap
- Mid-Cap
- Grande
- Entidades privadas sem fins lucrativos

- Entidades públicas

Tipos de Ação

- Demonstration, testing or validation of innovative water solutions
- Restoration of water cycles and natural ecosystems
- Development of water-efficient practices and soil-water interactions
- Integration of climate adaptation strategies for water systems
- Improvement of hydrological and ecological monitoring
- Development of water efficiency indicators and methodologies
- Design of water pricing and certification systems
- Development of technological and digital solutions for water sectors
- Upscaling of water reuse and recycling solutions
- Actions to increase public engagement in water management
- Development of equitable access measures for vulnerable groups
- Methodologies to improve water footprint influence
- Innovation Action

DETALHES DO PROGRAMA UE

ID da Chamada
HORIZON-CL6-2027-02-CLIMATE-01-two-stage

Cluster
Cluster 6: Food, Bioeconomy, Natural Resources, Agriculture and Environment

Destino
D5. Land, ocean and water for climate action

Modo de Submissão
two-stage

Contribuição UE
€5,500,000.00 per project

Projetos Esperados
3

Regra de Taxa de Financiamento
Up to 70% of eligible costs for Innovation Actions (IA); up to 100% for non-profit legal entities
