DESCRIZIONE

Objectives

This call aims to enhance the security of European citizens against terrorism, with a particular focus on public spaces. It seeks to support projects that address new, upcoming, or unforeseen challenges, as well as creative or disruptive solutions not covered by previous or concurrent Horizon Europe calls on Fighting Crime and Terrorism. The expected outcomes include improved capabilities for Police Authorities and other security practitioners to identify and prevent terrorism-related threats, access to harmonised and modern tools and procedures, enhanced cooperation among security actors, and the development of relevant training curricula. Eligible applicants must include at least three Police Authorities from three different EU Member States or Associated Countries. Other eligible participants may include law enforcement agencies, NGOs, civil society organisations, SMEs, and research institutions, provided they meet the specific eligibility requirements. Entities established in China or controlled by Chinese entities are not eligible.

Funding

The support is provided as a non-refundable grant in the form of a lump sum. The funding rate is up to 70% of eligible costs for Innovation Actions, and up to 100% for non-profit legal entities. The total budget for the topic is €9 million, with an expected EU contribution of €4.5 million per project. Two grants are expected to be awarded under this call.
