DESCRIÇÃO

Objectives

This call supports research and innovation projects aimed at improving the management of EU external borders while protecting and promoting fundamental rights and EU values. The objective is to develop and test new knowledge and technology solutions for border surveillance, border checks, customs and supply chain security, and civilian maritime and aviation security. Projects should address new, upcoming, or unforeseen challenges not covered by other topics in this Destination for 2026 and 2027. Eligible applicants include consortia with at least two Border, Coast Guard, or Customs Authorities from at least two different EU Member States or Associated Countries. The call is open to a wide range of legal entities established in eligible countries, except for legal entities established in China, which are not eligible for this topic.

Funding

The support provided is in the form of a non-refundable grant (lump sum) under Horizon Europe Research and Innovation Actions (RIA). The funding rate is up to 100% of eligible costs. Each project is expected to receive a contribution of €4 million, with a total topic budget of €8 million and an expected number of two grants awarded.
