DESCRIÇÃO

Objectives

This topic aims to reduce the employment gap between persons with and without disabilities and strengthen their social and economic inclusion throughout the life course. Projects should generate reliable, disaggregated and actionable evidence on the barriers preventing persons with disabilities from entering, remaining in or returning to the open labour market. These barriers may include inaccessible workplaces and transport, inadequate reasonable accommodation, inflexible working arrangements, discrimination, administrative burdens and incompatibilities between employment and disability benefits.

The action should also develop and assess innovative approaches to labour-market inclusion and social protection. The resulting solutions should enable persons with disabilities to participate in employment on an equal basis with others while maintaining adequate protection against disability-related costs and economic risks.

Funding

Funding is provided under a Horizon Europe Research and Innovation Action. The topic has an indicative budget of €12 million, with approximately three projects expected to be funded. The Commission estimates that an EU contribution of between €3 million and €4 million per project would allow the expected outcomes to be addressed appropriately, although proposals requesting different amounts may also be considered where properly justified.

As a Research and Innovation Action, projects may receive funding of up to 100% of eligible costs for all beneficiary types, including for-profit entities.

DESPESAS ELEGÍVEIS

- Personnel Costs
- Travel costs
- Equipment costs
- Other goods, works and services costs
- Subcontracting
- Indirect Costs

ELEGIBILIDADE

Modalidade de Candidatura
Consórcio / Copromoção

Tipos de Ação
Research and Innovation Action

Setores Elegíveis

- Cultura & Criativo
- Educação & Formação
- Outro

Tipologia de Beneficiário

- Micro
- PME
- Small Mid-Cap
- Mid-Cap
- Grande
- Entidades privadas sem fins lucrativos
- Entidades públicas
