Objetivos

Objectives

This topic aims to accelerate access to affordable, reliable and sustainable energy in Africa through the deployment of Renewable Energy Valleys , based on decentralised renewable energy systems tailored to local and regional needs. Projects should strengthen EU-Africa cooperation on climate and energy, support the implementation of the Paris Agreement, enhance energy security and foster inclusive socio-economic development through local renewable energy value chains.

Funding

The topic has an indicative budget of €9 million , with the European Commission expecting to fund approximately 2 projects . The indicative EU contribution is around €4.5 million per project . Funding is provided through a Horizon Europe Innovation Action (IA) under the standard Horizon Europe funding conditions.
