DESCRIÇÃO

Objectives

This topic aims to improve understanding of the societal impact of cultural heritage and strengthen its contribution to social cohesion, societal resilience, intercultural dialogue, civic engagement and a shared sense of belonging. Projects should examine how heritage influences social innovation, collective memory, democratic values and European identity in increasingly diverse and fragmented societies.

The action also seeks to develop forward-looking and critically informed narratives around cultural heritage, while helping practitioners and policymakers use heritage to address challenges related to social inclusion, equality, participation and community cohesion.

Funding

Funding is provided under a Horizon Europe Research and Innovation Action (RIA) . The topic has an indicative budget of €15 million , with approximately five projects expected to be funded. The expected EU contribution ranges between €2.5 million and €3 million per project , although proposals requesting different amounts may be considered where appropriately justified.

As a Research and Innovation Action, projects may receive funding of up to 100% of eligible costs for all beneficiary types , including for-profit entities. Funding is provided through a lump sum grant under the applicable Horizon Europe rules.
