DESCRIÇÃO

Objectives

This call aims to strengthen strategic advice and synergies between EU and national research and innovation (R&I) agendas and investments, particularly in the areas covered by the Standing Committee on Agricultural Research (SCAR) Working Groups (WGs). The main objectives are to reinforce the European Research Area (ERA) by improving coordination between European and national R&I programmes, enhance the impact and visibility of SCAR WGs, and support their objectives through capacity building and cross-collaboration. The call also seeks to ensure broad dissemination of SCAR WG outputs to stakeholders, including policymakers, researchers, and practitioners. Eligible applicants include consortia of legal entities established in EU Member States or Associated Countries, as defined in the Horizon Europe General Annexes.

Funding

The call provides a single Coordination and Support Action (CSA) grant with a lump sum contribution of 4.750.000 EUR. The funding rate is up to 100% of eligible costs. Only one grant is expected to be awarded under this topic, and the total available budget for the call is 4.750.000 EUR. The grant will be provided as a lump sum, simplifying financial management for beneficiaries.
