Objetivos

Objectives

This call is part of the LIFE programme, targeting projects that support clean energy transition through digital solutions. Eligible applicants include legal entities from EU Member States, such as companies, public bodies, and non-profit organizations involved in the development or deployment of technologies for increased energy efficiency and climate action. Projects are encouraged to leverage digital advancements to address key challenges in the clean energy sector and contribute to the European Green Deal goals.

Funding

Funding under this call is in the form of non-refundable grants. The co-financing rate can reach up to 95% for eligible project costs, depending on the type of activity and applicant. The maximum grant contribution per project is 2.000.000€ and will depend on the project scope and relevance to the specific themes. Budgets should be commensurate with the scale and ambition of the proposed work plan.
