DESCRIÇÃO

Objectives

This incentive aims to foster a consolidated, culture- and creativity-driven European innovation ecosystem as a strategic imperative for Europe's societal resilience and competitiveness. The focus is on empowering the cultural and creative industries (CCIs), with projects expected to build on previous EU-funded research, networks, and platforms. Eligible entities are wide-ranging, including clusters of organisations, SMEs, micro-enterprises, and key stakeholders spanning most EU Member States and Associated Countries. Genuine long-term impact, active stakeholder engagement, and integration of local contexts within a common set of principles are required, all towards increasing the number and impact of CCI-driven innovations across Europe.

Funding

The action is supported by a call envelope of EUR 5,000,000, with the expected EU contribution per grant at EUR 4,500,000 to 5,000,000. Funding is provided as a lump sum grant under the Horizon Lump Sum Grant model. The co-financing rate follows Horizon Europe CSA rules—generally up to 100% for eligible direct costs. Only one project is expected to be funded under this topic. Support to third parties is possible in the form of grants.
