DESCRIÇÃO

Objectives

This call aims to support research and innovation for the development, testing, and integration of advanced digital travel credentials (DTCs) for secure and efficient border management at the EU's external borders. The focus is on enhancing the issuance, validation, and sharing of future DTC types, integrating innovative biometric modalities, and improving secure connectivity and interoperability. The call targets projects that contribute to the technological sovereignty of European authorities, facilitate legitimate movement of people and goods, and strengthen the security and resilience of EU borders. Eligible applicants include consortia with at least two Border or Coast Guard Authorities from at least two different EU Member States or Associated Countries. Legal entities established in China are not eligible for participation in this topic.

Funding

The support is provided as a non-refundable grant under Horizon Europe Research and Innovation Actions (RIA), covering up to 100% of eligible costs. Each project is expected to receive a lump sum contribution of €4 million, with a total topic budget of €8 million and two grants expected to be awarded.

DESPESAS ELEGÍVEIS

- Personnel Costs
- Travel costs
- Equipment costs
- Other goods, works and services costs
- Subcontracting
- Indirect Costs

BÓNUS E MAJORAÇÕES

- Active involvement of at least 2 Border or Coast Guard Authorities from 2 different EU/Associated Countries
- Use of Copernicus and/or Galileo/EGNOS for satellite-based data if relevant
- Synergies with previous EU-funded projects encouraged
- Cooperation with EU agencies (Frontex, eu-LISA) for future uptake

ELEGIBILIDADE

Modalidade de Candidatura
Consórcio / Copromoção

Setores Elegíveis

- TIC & Software
- Logística
- Outro

Tipologia de Beneficiário

- Micro
- PME
- Small Mid-Cap
- Mid-Cap
- Grande
- Entidades privadas sem fins lucrativos
- Entidades públicas

Tipos de Ação

- Research and development of digital travel credentials (DTCs)
- Integration and testing of biometric modalities for DTCs
- Development of secure connectivity and interoperability solutions
- Issuance and management of emergency travel documents
- Security assessment of breeder documents
- Pilots and demonstrations with border/coast guard authorities
- Stakeholder engagement and practitioner feedback
- Alignment with EU border management capability roadmaps
- Education, training and awareness for practitioners and citizens
