DESCRIÇÃO

Objectives

This topic aims to strengthen the protection of women's, LGBTIQ and minority rights in contexts of autocracy, armed conflict, democratic backsliding and geopolitical instability . Projects should examine how these contexts affect the rights, safety, access to services and political participation of groups in vulnerable situations, including women, LGBTIQ people, persons with disabilities, children, older persons, and ethnic or religious minorities.

The action seeks to provide policymakers, public administrations, human rights organisations and civil society actors with robust evidence, monitoring methodologies and practical recommendations. It should also strengthen the resilience and advocacy capacity of civil society and grassroots organisations working to counter repression, protect civic space and promote inclusive governance.

Funding

Funding is provided under a Horizon Europe Research and Innovation Action (RIA) . The topic has an indicative budget of €12 million , with approximately three projects expected to be funded. The expected EU contribution ranges between €3.5 million and €4 million per project , although proposals requesting different amounts may be considered where appropriately justified.

As a Research and Innovation Action, projects may receive funding of up to 100% of eligible costs for all beneficiary types , including for-profit entities, in accordance with Horizon Europe rules.
